## 1.3.2 Bottom Financial Quintile Student Success

MIU supports the **academic progression and retention** of students from **financially disadvantaged** backgrounds through **need-based financial assistance**. In 2025, **292** continuing students received need-based financial support, including **120 students receiving 100%** scholarships and **172 students receiving exceptional scholarships** based on financial need.

The continuation of these students within their academic programmes demonstrates MIU's commitment to reducing financial barriers throughout the student journey and supporting financially disadvantaged students in progressing toward successful completion of their degrees
