SDG 11

Indicator 11.2.4

Public Access to Green Spaces

Misr International University (MIU) demonstrates a commitment to utilizing open and green spaces for the public. The university provides **free access** for the **public** to its open and green spaces as a general, ongoing community service for the **public at large**. The recorded activities include a sports day for the orphans of Al-Sondos Association, involving football and running races, which implies a free use of a green/open sports space, and an exhibition to market the products of the Dounyatna Association for the Blind, held on the university campus in an open area. These were specific, organized events benefiting the public outside the university.

Sports Day

The Community Service and Environmental Development Committee at the Faculty of Al-Alsun and Mass Communication at Misr International University organized a sports day for the orphans of Al-Sondos Association in celebration of the International Day of Persons with Disabilities. This event was held on December 9, 2024, and aimed to enhance social inclusion. Fifteen orphans, accompanied by their supervisors, participated in various sports activities, including football and running races. The day concluded with a gift distribution ceremony that brought smiles to the faces of the participants. By organizing this event, the faculty contributed to achieving Goal 10 of the United Nations Sustainable Development Goals, which relates to promoting the reduction of inequality.

University Support for Dounyatna Association for the Blind

Exhibition AND BAZARS

The University's Community Service and Environmental Development Council organized an exhibition to market the products of the Dounyatna Association for the Blind on Monday, November 18, 2024, on the university campus.

The exhibition featured distinctive handicrafts made by the visually impaired and blind members of the association, both male and female.

The University provided the necessary support by arranging round-trip transportation from Alexandria and supplying the required display materials. The university community actively participated by purchasing the products, demonstrating its commitment to social responsibility and inclusivity.

Christmas Bazaar

18–19 and 22–23 December 2024 · Across four days, 40 local and family businesses and 40 student entrepreneurs showcased their products.

The bazaar ran in two sessions over four days, bringing family businesses and student entrepreneurs into the same campus marketplace. Local vendors gained access to university customers, while students could present products alongside established sellers.

Bazaar for local producers

19 February 2025 · The Faculty of Pharmacy, the Directorate of Social Affairs and the Egyptian Red Crescent helped local producers exhibit and sell handmade products and food.

Local producers offered food and handmade goods directly to campus customers. The Faculty of Pharmacy worked with the Directorate of Social Affairs and the Egyptian Red Crescent to bring productive families into the event.
