INSTITUTIONS

## SDG 16:

### Peace, Justice and Strong Institutions

This report outlines Misr International University's commitment to Sustainable Development Goal 16. We detail our efforts in fostering transparent governance, ensuring elected representation, engaging with stakeholders, maintaining robust anti-corruption policies, and upholding academic freedom. Through these initiatives, MIU strives to be a beacon of ethical leadership and institutional strength.

## Promote Peaceful and Inclusive Societies for Sustainable Development, Provide Access to Justice for All, and Build Effective, Accountable, and Inclusive Institutions at All Levels

### 16.2.2. Student's Union

The university continues to formally recognize an independent students' union, which maintains the same operational structure as the previous year. This union plays a vital role in our governance by providing elected student representation, offering comprehensive support services for student welfare, and organizing a diverse range of social activities.

#### Independent Representation

The Students' Union operates independently, ensuring authentic student voices are heard in university governance.

#### Welfare Services

The union offers vital support services, addressing student needs and enhancing their overall university experience.

#### Diverse Activities

A wide array of social and cultural activities organized by the union enriches campus life and community engagement.
