Indicator 17.4.3

Education for SDGs in the wider community

Reporting period: academic year 2024–2025 (September 2024 – August 2025)

MIU delivers educational outreach on sustainable development beyond its students: to local schools and villages, and to alumni, graduates and practitioners through continuing professional education.

KEY EVIDENCE

Handwashing and hygiene education in El-Mashhadi Village, Sharqia Governorate

Date	14 November 2024
Location	El-Mashhadi Village, Sharqia Governorate
Partners	Sharqia Governorate Population Unit; Regional Authority for Tourism Promotion
MIU participants	12 pharmacy students and faculty members
SDGs	SDG 3, SDG 4, SDG 6

The Faculty of Pharmacy's Community Service and Environmental Development Committee led a community initiative in El-Mashhadi Village to raise awareness of correct handwashing as a foundation of a healthier community.

Students and faculty taught primary-school children proper handwashing techniques through interactive activities, visual aids and storytelling, linking personal hygiene to disease prevention.

On the same visit, the Faculty of Oral and Dental Medicine delivered oral-health education to 60 pupils and 20 teachers at El-Mashhadi School, with demonstrations, hygiene kits and invitations for free treatment at MIU's Dental Clinic Complex.

Outcome: Practical health education for children and teachers in a rural community, delivered with local government partners.
