

## **Code of Professionalism for Pharmacy Students**

Faculty of Pharmacy, Misr International University, aims to build you as a competent and skilled pharmacy professional who would contribute to the health and well-being of the public locally and regionally. This is done through high quality education, experiential training, national and international partnerships, within an environment committed to scientific research, community engagement and social accountability.

The code of the Faculty of Pharmacy is consistent with the following values that you are expected to commit to.

### **1. Professionalism**

#### **I will**

- conduct myself professionally.
- develop values, attitudes, knowledge, and skills that I will use as a pharmacist.
- make my patients my first concern, even when I am not in direct contact with them.
- make sure my patients know how to use medicines for maximum benefits.
- professionally work with patients, their care givers and other health care professionals.
- regard confidentiality as a central obligation of patient care.
- uphold patient confidentiality in all communications, whether verbal, written, or electronic.
- respect the privacy of my colleagues in college and future pharmacy practice settings.
- follow a neat, clean, and professional dress code that respects my profession and the university.
- be punctual and contactable.
- abide by health and safety requirements.

### **2. Integrity**

#### **I will**

- maintain the highest standards of academic honesty
- neither give nor receive aid in examinations unless such cooperation is expressly permitted by the instructor.
- conduct research in an ethical and unbiased manner, report results truthfully, and credit ideas developed, and work done by others without any plagiarism.

### **3. Accountability**

#### **I will**

- uphold a classroom atmosphere conducive to learning.
- recognize my own limitations and seek help when my level of experience is inadequate to handle a situation.
- report professional and scientific misconduct and unskilled practice to the appropriate authorities.
- recognize that my words and behavior in public forums, including electronic and social media, have their impact not only on myself but on my colleagues, institution, and the pharmacy profession as a whole.
- develop my professional knowledge, skills, and competence.

### **4. Inclusion & Respect**

#### **I will**

- treat my instructors, colleagues and others with respect and dignity.
- respect the personal boundaries of others.
- treat my future patients and their families with respect and dignity.
- not discriminate among patients on the basis of age, gender, medical condition, national or ethnic origin, appearance, physical or mental disability, political affiliation, race, religion, family status, or socioeconomic status.

### **Acknowledgment**

I acknowledge that I have read, understand, and accept the rules and regulations of the faculty of pharmacy code of professionalism.

I understand that if I choose to violate the faculty code of professionalism in any way, I will be subject to MIU code of conduct penalty system.
